**NOTICE OF VIOLATION**

Released: May 8, 2014

By the District Director, San Diego Office, Western Region, Enforcement Bureau:

1. This is a Notice of Violation (Notice) issued pursuant to Section 1.89 of the Commission's rules (Rules),<sup>1</sup> to Sonora Broadcasting, LLC (Sonora Broadcasting), licensee of radio station KAPR in Douglas, Arizona. Pursuant to Section 1.89(a) of the Rules, issuance of this Notice does not preclude the Enforcement Bureau from further action if warranted, including issuing a Notice of Apparent Liability for Forfeiture for the violation(s) noted herein.<sup>2</sup>

2. On March 26, 2014, an agent of the Enforcement Bureau's San Diego Office inspected radio station KAPR located at 2031 N. Sulphur Springs Road, Douglas, AZ, and observed the following violation:

- a. 47 C.F.R. § 11.35(a): "EAS Participants are responsible for ensuring that EAS encoders, EAS decoders, Attention Signal generating and receiving equipment, and Intermediate Devices used as part of the EAS to decode and/or encode messages formatted in the EAS Protocol and/or Common Alert Protocol are installed so that the monitoring and transmitting functions are available during the times the stations and systems are in operation. Additionally, EAS Participants must determine the cause of any failure to receive the required tests or activations specified in §11.61(a)(1) and (2). Appropriate entries indicating reasons why any tests were not received must be made in the broadcast station log as specified in §§73.1820 and 73.1840 of this chapter for all broadcast streams ...." At the time of the inspection, there were no entries explaining why the March 2014 required monthly test (RMT) was not received or transmitted and why required weekly tests (RWTs) were not received from the station's monitoring assignment, Station KWCD, from March 2 through March 22, 2014. The station logs did not have any entries by the Chief Operator why the RMT was not received and

- b. 47 C.F.R. § 11.52(d)(2): “With respect to monitoring for EAS messages that are formatted in accordance with the EAS protocol, EAS participants must monitor two EAS sources. The monitoring assignments of each broadcast station... are specified in the State EAS Plan and FCC Mapbook.” At the time of inspection, Station KAPR was unaware it was not monitoring its required assignment, Station KWCD, until advised by the San Diego agent.
